Earth Adventures Summer Day Camp

July 5 to September 2, 2010

Staff

Our summer staff understand the importance of being a friend, teacher and a role model. The team is selected for their skills, training, education, leadership and sincere interest in the growth and development of young people. Our camp leaders are very experienced in delivering exciting, challenging programs for children and youth. We have on-site lifeguards for both camp and out trips and all staff have a minimum of standard first aid and criminal record checks.

For more information, please call 250-384-9133.

3-Tier Program

For decades we have subsidized *all* of our programming costs to ensure no child is denied access. With increasing competition and pressures on fundraising efforts, we must try a variety of methods to meet the true costs of operating our summer camp. The actual cost for a child to attend camp for one week is \$319.

Recognizing that different families have different abilities to pay, this is our second year that we are implementing a voluntary three-tier fee structure which provides the opportunity for families to take an active role in supporting the true costs of your child's camp experience.

This program is voluntary and confidential and in no way will influence the children's experience at camp.

Tier I – our historical subsidized rate.

Tier II – partial subsidy for those who can afford a little more but have difficulty with the full fee.

Tier III – actual cost of operating program.

	Tier I	Tier II	Tier III
4 day	\$147	\$197	\$255
5 day	\$170	\$243	\$319

Confidential campership applications are still available for those who may have difficulty with Tier 1.
