YOUTH CARE HOME PROGRAMS SEEKING TO CONTRACT CARE HOMES

We are seeking energetic, encouraging role models and community-minded individuals or families to provide:

A safe supportive home for an adolescent to live for 3 to 12 months.

Care Families are contracted with a retainer and per diem fee to provide, among other things, support, shelter, food, allowance, transportation and recreational activities.

Our Care Homes are dedicated members of a team committed to the well being of young people. A Youth Support Worker assists the youth to resolve conflict and establish future direction with their families and community.
