

## **ADVENTURE CAMP CARNIVAL**

We regretfully announce that we will not be holding the Adventure Camp Carnival this year. We have had very limited response to our request for support and our main sponsor seems to be inactive at this time. As we need to pay some of the staff to supervise activities like climbing, the ropes course and canoeing, we simply do not have the resources to adequately host this event. We are committed to revisiting this for next year and hopefully will be able to have at least a family day at the camp.

The current economic situation is putting a strain on many businesses, organizations and individuals and Boys & Girls Clubs are certainly not immune to this. We feel that it is more important at this time to direct our resources to our programs as well as to events that have a higher return on our sponsors' and our investments.
